

Renyards Road Nullawarre VIC

An exceptional farm layout with a well-designed paddock configuration, weather, excellent fencing infrastructure and reticulated water to troughs in each paddock.

You'll be impressed with the very picturesque outlook with shelter tree lined boundary, surrounding the property.

Rainfall Diversification. Northern Victorian farmers could take the opportunity to diversify their rainfall risk. When droughts inevitably arrive, you will be rewarded for buying a parcel down South.

To be sold as a whole or two separate adjoining lots with
